EXTERNAL SENDER

At this time, the Department will not be sending out renewal letters for Reciprocal Jurisdiction Reinsurers. Nebraska's initial approval letter will serve as a continuous approval until the Company no longer meets the requirements contained in §44-416.06(7) of the Nebraska Insurance Statutes and Title 210, Nebraska Administrative Code, Chapter 65, Credit for Reinsurance. Nebraska will rely upon the lead state and ReFAWG's annual review to ensure compliance with minimum requirements. However, if the Company falls below the minimum requirements or any regulatory action is taken against the Company for noncompliance with applicable laws, the Company is required to provide prompt notice to the Department for consideration of its ongoing status.

Please let me know if you have any questions.

Best,

Chris Amory
