

NORTH AMERICA

U.S. Energy

As part of a large P&C business with 135 years of history, Sompo continues to have a strong and dynamic market presence in our industry with a commitment to our clients in the energy sector providing tailored solutions to meet their unique, evolving needs.

Comprehensive Insurance Coverage

Our specialized insurance solutions provide robust protection for middle-market businesses operating in the Energy industry across the U.S. and Canada. Our specialized Energy Underwriting Team brings an average of 25 years of experience, expertise in Energy operations and exposures, and provides customized Guaranteed Cost Programs across various coverage lines, delivering financial stability and operational assurance.:

- Workers' Compensation (WC) – Protect your employees with industry-specific coverage.
- Automobile Liability (AL) – Coverage for fleet and commercial vehicle risks.
- General Liability (GL) – Protection from third-party claims and liabilities.
- Property Insurance – Safeguard your physical assets from unforeseen risks.
- Companion Excess/Umbrella – Additional layers of protection to manage catastrophic risks.

Target Industries

Casualty

- Oil & Gas Service Companies
- Utility Service Companies
- Oil Lease Operators
- Petroleum & Gas Production
- Equipment Dealers
- Manufacturers
- Renewable & Alternative Energy Companies

Risk Control Services

Workers Compensation

To help limit clients' incident exposures and provide for the safety and welfare of staff, we offer best practice tools and solutions, including:

- Online training libraries, newsletters and technical reference guides
- Loss trend analysis
- Risk assessment
- Self-inspection program development
- Industrial hygiene consulting

Fleet Safety

Vehicle-related accidents are one of the leading causes of workplace fatalities. Help protect your employees while they are on the road as well as reduce your organization's auto liability exposures by working with our Risk Control Fleet Specialists to:

- Develop driver qualification and selection standards
- Promote vehicle use policies
- Design and implement vehicle maintenance and inspection programs
- Provide multi-language driver training programs (English, Spanish and Japanese)

Property

In addition to providing customized evaluations based on each client's unique risk management exposures, our Property Risk Control specialists can deliver a range of services that meet our client's specific safety and risk management standards including:

- Fire exposure identification
- Evaluation of system controls
- Security adequacy
- Natural hazard identification
- Infrared thermography service

We also offer on-site training on any of the above services tailored to each client's business and specific loss prevention and risk control requirements.

Claims Management

Sompo aims to offer tailored solutions that meet the diverse needs of Energy clients while maintaining its high standards of service excellence and financial security. Sompo's uniqueness is presented in offering its clients a choice in claim servicing.

- 24/7 Claims Reporting: Immediate assistance and support when you need it most.
- Dedicated Claim Account Managers (CAM): Claims liaison assigned to every insured to guarantee superior customer service.
- Choice of Third-Party Administrator (TPA).
- Managed Care: Extensive Hospital, Doctor and Nurse professionals to be sure the claimant is getting the best of care.
- Return-to-Work Programs: Customized recovery plans to get employees back to work safely and efficiently.
